

BLACKPOOL ART SOCIETY

PICTURE HANGING GUIDLINES

FRAMED ITEMS

Must be well presented with appropriate fittings. Clip frames are not acceptable.

UNFRAMED CANVASES

Ensure that the image continues around all four sides to complete the painting

MINIATURES

Size = no more than 35sq/ins (7x5ins or 175x125mm) ... including frame

LABELS

Attach 1 label (BAS or personally designed) to the back. Complete this with "Title, Your Name, Medium, Price (or NFS if not for sale)". No hang-down label required.

FIXINGS

Fix D-rings and string to hang pictures. (n.b. there will be NO facility to affix the above items at display venues. Sufficient supplies can be obtained from the Studio at a small cost). Please cover screws with masking tape to prevent damage to other paintings.

GRUNDY EXHIBITIONS

The Grundy Gallery hanging system does NOT require strings, just earplates placed at the sides about one third from the top, protruding so that the picture can be screwed to the wall.
